"Masons Helping You Protect the Ones You Love"

Child

Identification

Program

Program Overview

The Masons in the Province of Ontario have long held a commitment to children, their families, and our community. The MasoniCh.I.P. Program is the most comprehensive and fully confidential child identification program available. It is designed to give families a measure of protection against the ever-increasing issue of missing children. According to data released by Canada's "Our Missing Children" website, and Ontario Child Find, every year over 60,000 Canadian children are reported missing. Ontario has the highest proportion per capita of missing children at nearly 20,000. This valuable service is offered to Ontario families by Masons, and has been an effective tool for over twenty states in the United States.
